YTE000W5K

Yummly® Smart Thermometer

Wireless. Smart. Sleek.

Key Features

- **Completely wireless:** Smart thermometer monitors temperature throughout cooking — no strings (or wires) attached.
- **Built-in timers and alerts:** Go ahead and multitask. We'll tell you when to flip your food, adjust the heat, and how long to let it rest.
- **Dual temperature sensors:** Leave-in thermometer monitors food and oven temperatures to help you grill, roast, and pan-fry with ease.
- **Bluetooth connected:** Control your cooking from up to 150 feet away with the free Yummly app on your smartphone or tablet.
- **Assisted cooking programs:** Preset programs for meat, fish, and poultry eliminate guesswork for food done right.
- **Magnetic charging dock:** Sleek charging dock keeps your thermometer protected and charged for cook times up to 25 hours.

Specifications and Dimensions

SMART THERMOMETER

- **Thermometer dimensions** 4¼" L x ¼" W x ¼" H
